ESTABLISHED 1850

APPLES FOR SPOKANE

American Customs Regulations

Spokane, Wash., Oct. 7.—Ren H. Rice, secretary-manager of the National Apple Show, Inc., has issued a circular letter for the information of Canadian exhibitors regarding customs entries, duty and consular certificates on exhibits for competition at the second show in Spokane, November 15th to 20th, when \$25,000 will be distributed in prizes and premiums in twenty classes, ranging from a full carload to a single plate of five apples. British Columbia carried off its share of honors at the first exposition in this city last December, and it is expected that many growers will be represented at the competition. The text of Mr. Rice's letter follows:

1. Exhibits can be shipped from Canada, shown at the Second National Apple Show and be returned to point of shipment free of duty, provided the following instructions are carefully carried out.

1. All shipments should be made through one of the following points on the International Boundary line: Eastport, Idaho; Blaine, Sumas and Seattle, Washington, and be addressed distinctly National Apple Show, Spokane, Washington, In Bond. Shipments made through other ports will possibly be subject to duty before permitted to cross the line.

3. Exhibits valued at less than \$100 do not require a consular certificate, but the regular bill of lading and invoice must be forwarded to Spokane for presentation to the collector of customs at time of arranging Bond.

4. As soon as exhibitors have decided definitely on the variety and extent of their exhibits, and provided same is over \$100 in value, particulars must be given to the nearest United States Consul or Consular Agent, and a consular invoice obtained from him, a copy of which must accompany shipment. Consuls or Consular Agents are stationed at the following Canadian centres: Vancouver, Fernie, Nelson, Lethbridge and Calgary. It is very important that the consular invoice be obtained as early as possible before shipment is actually made, so that serious delays will be avoided.

5. At the time shipment is due to arrive in Spokane, and if exhibitor is not already represented there, the Secretary of the Second National Apple Show will attend to the customs entries, arranging of Bond, etc., provided he is notified and the bill of lading, invoice and consular certificate (if over \$100 value) are forwarded to him.

6. If the apples exhibited are sold in the United States, they will be subject to a duty of 25c. per bushel.

7. Exhibitors desiring to sell their apples after closing day of the Show, will please notify the Secretary in good time.

HAD TO SQUARE BOTH

Smith walked up the street the other evening with a box of chocolates under one arm and a big package of meat under the other.

Halloa, Smith, said Brown, gone in for housekeeping? I didn't know you were married.

I'm not, yet.

What are you doing with those chocolates and meat, then?

Going to see my girl.

Do you have to furnish the family with meat already?

Oh! no; the sweets are for the girl and the meat is for the dog. I have to square both.

CITY COUNCIL

Will Obtain Government Dredge

All the members were present at the regular meeting of the City Council on Monday night except Ald. Ball, who is enjoying a holiday on the Coast.

The following correspondence was read and dealt with:

From Mr. C. C. Josselyn, asking if he might submit quotations on prices of bulbs and flower seeds for the Park. Filed, the bulbs already having been ordered from Holland.

From Brent, Knox & Co., acknowledging receipt of information regarding debentures. Filed.

From Canadian Fairbanks Co., asking for settlement of account, \$2,559.00, being balance of payment for power plant, &c. In this connection, answering Ald. Cox, the Mayor said that no report has yet been received from the boiler inspectors. It was accordingly decided to lay the account over until the report is received and to inform the Canadian Fairbanks Co. to that effect.

From the Kelowna Farmers' Exchange, asking for extension of the lighting system to their new warehouse, and calling attention to the need of some loads of gravel on Gaston Ave., the approach to their premises. The matter of electric lighting was referred to Ald. Rowcliffe, chairman of the Light Committee, and that of the street to the Board of Works.

Mr. C. Blackwood submitted a report of fees collected by him as pound-keeper during the months of July, August and September, according to which the City's share of the spoils amounts to \$40. The report was handed over to Ald. Elliott for investigation and report at next meeting.

The following accounts were read and referred to the Finance Committee and ordered to be paid, if found correct:

G. F. Budden, painting two rooms in Fire Hall	\$23.00
T. W. Stirling, two loads of hay and use of team	67.75
I. Chamberlin, blacksmithing	26.75
T. Lawson, Ltd., supplies for Fire Hall	37.05
Robb Engineering Co., engine bed	160.00
do., fittings for engine	40.61
Vancouver Engineering Works, freight on shaft	13.00
do., new piston rod and straightening shaft	46.50
Canadian Fairbanks Co., hose and clamps for power house	38.50
Hinton Electric Co., wire and insulators	152.70
Orchard City Record, printing and ads. for Sept	17.50
D. Leckie, hardware	142.27
Morrison-Thompson hardware Co., hardware	97.09
Collett Bros., teaming	43.20
Kelowna Saw Mill Co., lumber and hauling sawdust	151.69
Kelowna Courier, printing and ads. for July, Aug. and Sept	57.40

The accounts of J. A. Bigger for work done at the A. & R. Park and of A. W. Dalglish for posts, laid over at a former meeting, were ordered to be paid.

Ald. Rowcliffe reported that, as the result of enquiries made of various authorities, he did not deem it advisable that the roof of the power house be painted at this time, and his recommendation was adopted by the Council.

Ald. Cox reported that Mr. C. C. Josselyn's plan of proposed alterations to the front of his store premises was not satisfactory to him, as it did not clearly specify the materials to be used. As to Mr. Hudson's application for permission to erect a booth in the alley between the old post-office and the saddlery store, he thought it should be granted, as no inflammable material would be used and the roof would be of iron.

Mr. Hudson's application was discussed at some length, some

A GREAT DISPLAY OF FALL GOODS

We invite your inspection.

KELOWNA OUTFITTING STORE

W. B. M. CALDER, Prop.

of the aldermen expressing doubt whether the Council had the right to grant permission to erect any buildings of a temporary nature within the fire limits, but examination of the by-law convinced them that the matter could be dealt with, and permission was accordingly given for erection of the booth, provided that Mr. Hudson obtains the consent of the adjacent owners and puts up a building in strict compliance with the description given in his application.

Ald. Cox thought it was not too late to rescind the privilege given to the Oak Hall Clothing Co., of extending the front of their store out to the street line, as they had done nothing yet towards carrying out the work, although Mr. T. N. Morrison had stated they would begin on it the day after their application was granted. After hearing the by-law read, he had serious doubts whether the Council had not exceeded their powers in granting the right to make the alterations.

Ald. Elliott did not think the proposed work was in conflict with the by-law, as there would be no more woodwork about it than in the present front, and the roof was provided by the existing balcony, which would be made more fire proof by being roofed with corrugated iron. He was not in favour of rescinding the motion, but he thought the firm should be required to supply a plan and specifications of the work before building operations commence. This suggestion met with approval, and a motion was passed in accordance with it.

Ald. Elliott reported that the fire hose had been tested up to 150 lbs., which was all the pressure that could be utilised for testing, and it had come through all right.

There was some talk in regard to a defective T which caused a break in the main at the corner of Abbott St. and Bernard Ave. last week. It was stated that the pipe was known to be defective by the man in charge when it was put in, and that it ought never to have been laid. It was suggested that the Council make application for its replacement to the firm that had supplied it, but no definite course of action was decided.

THURSDAY, OCTOBER 14, 1909

BOARD OF TRADE

Monthly Meeting

At the monthly meeting of the
 Board of Trade, held in the Reading-
 Room last night, there was considerably
 better than the average atten-
 dance, over 20 being present. Presi-
 dent Pitcairn was in the chair.The Corresponding Secretary's re-
 port included the following corres-
 pondence:From the Deputy Minister of Agri-
 culture, acknowledging receipt of a
 resolution of the Board asking for
 the establishment of an experimen-
 tal fruit farm at Kelowna, and pro-
 mising it the usual stereotyped of-
 ficial consideration. Filed.From the Peace and Arbitration
 Society of Canada, asking the Board
 to endorse as a body by resolution,
 and individual members to affix their
 signatures to, a petition to the Gov-
 ernor-General-in-Council, request-
 ing that steps be taken to commem-
 orate the hundredth anniversary of
 peace between Canada and the United
 States. The petition was endorsed
 on motion by Messrs. D. Leckie and
 R. B. Kerr, and it was signed gener-
 ally by the members.From the management of the Na-
 tional Apple Show, Spokane, thank-
 ing the Board for the donation of a
 silver cup and expressing regret that
 Kelowna had decided not to exhibit
 this year. A subsequent letter as-
 sured the Board that the crop short-
 age was general through the States
 of Washington, Idaho and Montana,
 and that Kelowna would have equal-
 ly as good a chance as last year,
 even if there might not be the same
 quantity of fruit from which to make
 selection. Filed.From the Department of Trade and
 Commerce, asking for a list of names
 of members in connection with some
 work to be undertaken by the De-
 partment. List sent.Two letters from the Spokesman-
 Review, Spokane, quoting advertising
 rates for advertisement of the prize
 lands, were considered, and acting
 on Mr. DeHart's statement that he
 will be in attendance at the Show
 this year, it was decided to leave the
 sale of the lands in his hands. A re-
 solution was passed authorizing him
 to sell at the best price obtainable,
 all expenses of sale to be paid by the
 Board.The secretary reported that there
 had been no reply from the Public
 Works Department in regard to
 dredging Mill creek, but he under-
 stood the City Council had secured
 the use of the dredge. In this con-
 nection Mayor DeHart and Ald. El-
 liott explained what steps had been
 taken by the Council, as reported
 elsewhere in this issue, the Mayor
 stating that no work would be un-
 dertaken by this year's Council.A rough financial statement by Mr.
 N. D. McTavish, showed about \$488
 due to the Board in subscriptions, a-
 bout \$188 of which is due by per-
 sons who have moved away during
 past three years, or from whom sub-
 scriptions cannot be collected. On mo-
 tion of Messrs. Kerr and Leckie, the
 Recording Secretary was instructed
 to strike off the books the names of
 persons who have left the town.An account of \$2.25, from the Jour-
 nal Publishing Co., Coeur d'Alene, I-
 daho, for advertising the prize lands,
 was ordered to be paid.The Transportation Committee had
 no report to make, but a great deal
 of discussion took place on transpor-
 tation matters.

Mr. Leckie asked when the new

C. P. R. ship would be ready, and in
 reply the President said Messrs. Bury,
 Buxton and Gore, of the C. P. R.,
 had been in town that day but had
 nothing definite to say about the
 ship being put into service. He did
 not think it would be used for sev-
 eral weeks yet.Dr. Gaddes said he had expected
 Mr. Frank Fraser to be present on
 behalf of the Kelowna Canning Co.,
 in reference to the local rate on
 canned goods going to Vancouver,
 which was 63 a per 100, as against
 70a from Ontario points, the slight
 difference being much in favour of
 Ontario cannery.He understood that, on account of the unfavourable
 rate, the cannery was not going to
 handle tomatoes after the 15th inst.
 Mr. Elliott understood the trouble
 arose from the Telmantepec route a-
 cross Mexico, by which, with con-
 cealing lines of steamers, on the At-
 lantic and Pacific, very low rates
 were given, forcing the C. P. R. into
 competition for through shipments
 from Eastern points, and that no-
 thing could be done to get a reduc-
 tion of rates from here to Vancou-
 ver. He thought, however, a reduc-
 tion might be asked to Kootenay and
 prairie points, to which local rates
 were in force.Mr. E. R. Bailey moved, seconded by
 Mr. P. DuMoulin, that Mr. Fraser
 be asked to meet the Transporta-
 tion Committee and lay the cannery's
 grievances before them. Carried.The President brought up the sub-
 ject of securing continuance of the
 daily boat service, and Mr. Kerr said
 he had been informed by Mr. Kendall,
 secretary of the Pension Board,
 that they were agitating in the mat-
 ter. On motion of Messrs. DuMoulin
 and Elliott, the Secretary was in-
 structed to write the C. P. R. au-
 thorities, Vancouver, asking for de-
 finite assurance of continuance of
 the service. Carried.A very interesting discussion, initi-
 ated by Mr. Kerr, took place on G.
 we regret we cannot report at len-
 N. rail extension to Penticton, which
 gth from lack of space. Mr.
 Kerr strongly advocated support by
 the Board of the proposal to build
 an extension from Oroville to Pen-
 tiction in continuation of the line
 from Wenatchee to Oroville, for
 which the contract has been let. He
 pointed out that 45 miles of line
 would bring the G. N. to Penticton
 through an exceptionally easy coun-
 try for railway construction, and he
 moved that the Secretary be in-
 structed to write to the president of
 the G. N. Ry., calling attention to the
 resources of the country around Ok-
anagan lake, and asking that the
 company construct the extension to
 Penticton. Seconded by Mr. T. G.
 Speer.Messrs. Leckie and Elliott thought
 a line from Princeton to Penticton
 preferable, as giving direct connec-
 tion with the Coast, but Mr. Kerr
 made a powerful reply, showing a
 firm grasp of the facts and geograph-
 y of the country. He pointed out
 that the V. V. & E. would probably
 take several years to reach the Coast
 by way of Princeton, as its progress
 was extremely slow, and an eight-
 mile tunnel through the Cascade
 range was contemplated. Connection
 with the Coast could be obtained
 quickly, however, via Oroville and
 Wenatchee, and better still direct
 connection would be given with ex-
 isting lines to the Boundary and East
 and West Kootenay, thereby enab-
 ling the Okanagan to reach natural
 markets from which it was now
 largely debarred by the circuitous
 route via Revelstoke. The line from
 Penticton to Princeton would not
 give this direct connection and was
 not, on account of several interven-
 ing mountain ranges, a feasible one
 to construct in comparison with the
 easy water-grade down the Okana-
 gan river.Mr. Kerr's resolution was carried,
 and from all indications the matter
 will not be confined to mere let-
 ter-writing, but a vigorous campaign
 will be waged for the construction
 of the G. N. extension.The Publicity Committee had no-
 thing of importance to report.The President recommended to the
 attention of members the need of
 bringing up at the next meeting any
 matters to be laid before the con-
 vention of the Associated Boards in
 January, as all matters had to be
 passed on by each local Board before
 coming up for discussion at the con-
 vention, and two or three months
 in advance would be required for
 introduction of subjects.Mr. C. B. Daniel was elected a mem-
 ber of the Board.Mr. M. Hereron brought up the
 question of the Board exhibiting at
 Spokane, saying he believed a large
 number of people were in favour of
 the Board sending an exhibit. A len-
 gthy debate ensued in which a num-
 ber of members took part, and Mr.
 DeHart, on invitation, made a state-
 ment that he was to exhibit on be-
 half of local growers, having ob-
 tained some perfect fruit. Finally,
 the debate crystallized into a mo-
 tion by Messrs. Kerr and Hereron,
 that the Board grant \$100 towards
 the expenses of an exhibit. Messrs.
 Raymer and Speer moved, as an am-
 endment, that the sum be \$50. Both
 were lost, the former by a tie vote
 of 7 to 7, several members not vot-
 ing, and the President giving his cas-
 ing vote against it.Mr. DuMoulin closed the discussion
 by making a suggestion which met
 with the approval of most of the
 members, to the effect that, should
 there be any deficit on the expenses
 of exhibiting, the Board would as-
 sist the exhibitors as far as possible
 to meet it.A suggestion made by Mr. E. R.
 Bailey that the Dominion govern-
 ment be asked to stock the lake with
 fish, was approved, and on motion of
 Messrs. Leckie and Elliott, the Sec-
 retary was instructed to write the
 Commissioner of Fisheries in regard
 to the matter.

The Board adjourned at 10 p.m.

 prize money, \$700.

CHIEF HIDSON ARRESTED

A Comic Opera Tangle

Chief Hidson underwent the unique
 experience, on Friday, of having to
 fight with a special provincial con-
 stable in order to protect himself
 and at the same time obtain posses-
 sion of a prisoner for whom he had
 a warrant. The story resembles the
 skits one sees on the stage of official-
 dom dressed in brief authority, and
 apart from its ludicrous side it re-
 veals an extraordinary degree of im-
 becility and stubbornness on the part
 of the provincial officer concerned.A warrant had been issued here
 for the arrest of W. McJannett on
 the alleged charge of theft from the
 firm of Wilson Bros., Victoria, assign-
 ees of the firm of McJannett & Hall,
 in which McJannett was a partner.
 He had made his way to Oroville,
 Wash., but was arrested there and
 deported as an undesirable on the
 ground that there was a warrant
 in existence against him, and when
 north of the line he was taken in
 charge by Prov. Constable Haynes
 and conveyed half-way to Penticton,
 being then turned over to Special
 Constable Edmonds and by him taken
 to Penticton. Edmonds was acting
 for Prov. Constable Toth, who could
 not leave his station here. Mr. Toth
 gave Chief Hidson the key of the
 lock-up so that he could take charge
 of the prisoner at Penticton, and the
 Chief went down the lake on Friday
 to get his man. Edmonds seemed to
 offer no objection to the Chief's pre-
 sence until asked by the latter if he
 had searched the prisoner. Receiving
 a reply in the negative, Hidson
 said the man should have been search-
 ed when arrested and on proceed-
 ing to do so Edmonds strenuously ob-
 jected, told the Chief he had no au-
 thority to touch McJannett, that the
 latter was a provincial prisoner and
 would remain in his custody. He pus-
 hed Hidson away and in order to get
 his man the Chief had to retaliate.
 Edmonds then came at him with his
 clenched fists and Hidson had to
 strike at him in self-defence, but this
 failed to stop the aggression, and the
 Chief finally had to land one on the
 special's "mug," which took the fight
 out of him and left Hidson free to
 deal with the prisoner. Edmonds
 then went to Mr. A. H. Wade, J.P.,
 and swore out an information ag-
 ainst Chief Hidson for assaulting a
 police officer in the execution of his
 duty, and was going to have him
 locked up without bail to await trial.
 The Chief pointed out to the magis-
 trate that the information was de-
 fective, as it did not give his name
 properly nor was it sealed, and that
 his arrest on it would be illegal, also
 that it was absolutely necessary that
 he should reach Kelowna with his
 prisoner by 10 a.m., of Saturday for
 the preliminary hearing. He prom-
 ised to come down to Penticton for
 trial and—which reads quite Gilber-
 tian—he assisted the Justice to issue
 a correct information and summons,
 and was then allowed to go.The case came off on Tuesday be-
 fore Messrs. J. R. Brown, stipendiary
 magistrate, of Fairview, and W. J.
 Clement, J.P. McJannett accompan-
 ied the Chief and gave material evi-
 dence supporting the latter's claim
 that Edmonds was intoxicated. Ed-
monds himself admitted on the wit-
 ness stand that he had a few drinks
 before starting to meet Prov. Con-
 stable Haynes and that he had "only
 three" after his return with Mc-
 Jannett and before meeting Hidson.
 However, corroborative evidence of
 intoxication was given by a steward
 on the "Okanagan," and Edmonds
 was evidently "further forward" than
 either he was aware of or would ad-
 mit. The climax to the evidence in
 this extraordinary case was reached
 when it was found that Edmonds
 had not been sworn in. He had acted
 as special constable on some other
 occasion and his intervening period
 of existence as an ordinary private
 citizen was evidently considered by
 the authorities responsible for his
 selection as in no way abrogating the
 oath then taken, while, as a matter
 of law, a special constable must be
 sworn in upon every separate time
 of employment. The magistrates had
 no difficulty in dismissing the case,
 finding that Edmonds had certainly
 been in a measure under the influence
 of liquor, although perhaps not drunk
 in the ordinary usage of the term,
 and that he himself had commenced
 the row by pushing Hidson away.
 For anything that happened after
 that they held that Hidson was not
 responsible, as Edmonds was clearly
 interfering with his man's right
 to take charge of the prisoner. Thus
 the Chief came home with honour.McJannett appeared before Police
 Magistrate Burne on Saturday and
 was remanded for a week on bail.

THE LOWER OKANAGAN

Its Latent Possibilities

Contributed

Pioneer settlers in the Prairie Provinces, one and all, declare that the locality chosen by each was the best to be found anywhere; thereby paying unconscious tribute to the rich inheritance each had entered upon. Thus it is in the Okanagan Valley from Sicamous to the Boundary. Each section, in the estimation of its denizens, meets all reasonable desires. Along the Lower Okanagan there has been arrested development. First monopoly in the land, then lack of transportation. The former no longer blocks the way. The latter is being removed and investors recognize enormous latent wealth. All along the levels, slopes, benches, gorges, fertile areas well-watered invite strong and willing hands to clear the land, to cultivate and nurse into productiveness the latent resources of abundant wealth.

Such conditions abound at and adjacent to a place of picturesque beauty known as Okanagan Falls. Here the pent-up waters of the lower lake pour through a rocky defile over a broken and precipitous ledge of rock offering force sufficient to generate ample electric power for all future needs of the lower valley.

Now, while several embryo cities are growing into burly babyhood under auspicious conditions, there are many thousand acres of good fruit land unreclaimed and therefore unproductive. These fertile tracts are good things to look at and talk about; but while thus neglected they are not "convertible assets," and add nothing to the nation's wealth; nor can they until monied men show

W. R. Trench

Druggist and Stationer

their faith in the country by their works.

What the Okanagan Valley loses every year may be estimated by a glance at the gains obtainable by clearing the land, planted with those large and small fruit trees already tested and approved.

1 acre of wild land will cost

any \$25.00

Clearing, planting, irrigation

works and care during four

years when trees begin to

bear 125.00

Cost \$150.00

Minimum valuation per acre

of bearing orchard \$500.00

Less cost 150.00

Profit 350.00

There are immediately adjacent to Okanagan Falls five thousand acres of irrigable land. Apply the above figures to such an acreage, and we have a gain on capital account of \$1,750,000 annual return at 6 per cent. of \$100 per year.

Most people say the first needs of this country are labour and capital employed to bring those large areas of wild land into productive fertility. Very good. But the great and all-important want of British Columbia is an energetic self-controlled population of "home makers." Could 10,000 families be placed on five acres each—men of character, diligent, sober, law-abiding? These people, fulfilling the ordinary conditions for success, would, in addition to self-support, add to the realized wealth of the country by millions of dollars. But the money value of their citizenship would be the smallest of the benefits accruing to this country. If even one half the number were to become permanently prosperous by living sober, law-abiding lives of industry and thrift, the moral effect upon the whole community would be incalculably beneficial.

The old-fashioned Lord Mayor's show of London, which for a great many years has been one of the most picturesque scenes to be witnessed in England, has been abandoned this year by the lord mayor elect, Sir John Knell. Sir John proposes to have a naval and military display, and only the gilded chariots of the lord mayor and the sheriffs will remain of the old-time pageant.

NEWS OF THE OLD COUNTRY

Lieut. Col. Baden-Powell, who distinguished himself by the defense of Mafeking during the Boer War, has been knighted by King Edward.

Lord Strathcona, interviewed by the London Chronicle, said that in ten years time he believed that Canada would supply Great Britain with all the breadstuffs she needed.

In connection with the efforts of King Edward to avert the grave constitutional struggle now looming between the Liberals and the Lords, it is said that those efforts to pave the way evidently for a compromise on the budget have not been very successful. On the other hand it is said that both Liberals and Lords are ready for a conflict on the issue and that no compromise will be acceptable to either. Colour is given to this by Premier Asquith's speech at Newcastle-on-Tyne on October 9, when he declared that "we are going to send the budget up to the House of Lords and get all the taxes or none."

If the Liberal party wins the impending general election, says a recent cable from London, there is the strongest possibility of Ireland being granted home rule. That a definite agreement to that effect has been concluded between the leaders of the Liberal and Irish parties, was evident from speeches delivered on October 8th. Winston Churchill speaking at the National Liberal Club, London, declared that the Government would effect a national settlement with Ireland the same as we have made with South Africa. Mr. Burrell, speaking at Bristol, with significant concurrence, said, "The time must come when the Irish questions shall be relegated to Ireland, where they can be understood." The outcome of the fight which the Liberals are waging against the Lords, on the budget, is most important so far as Ireland is concerned. If the Liberals win, the truth of John Redmond's assertion that the last obstacle to home rule has been removed, will undoubtedly be shown, as, with the mandate of the people behind them, the re-elected Liberal party could jam through a Home Rule bill which the Lords dare not reject.

NEWS OF THE WORLD

Dr. Jamison, the famous Johannesburg raider, will re-enter South African politics, and will stand for the union parliament at the first election.

Cholera is still epidemic in St. Petersburg. There have been six thousand cases within the past few days and the situation is becoming serious. The wealthy portion of the Russian capital is the latest to be attacked by the scourge.

Mrs. Dorothy Campbell, of North Berwick, Scotland, the British champion, captured the woman's national golf championship of America on October 9th, at Philadelphia, U.S.A., by winning her match with Mrs. Ronald H. Barlow, of Philadelphia, 3 up and 2 to play.

One of the best-known physicians of Boston, Mass., says that an operation for appendicitis should be prohibited by law. The doctor says he has kept track of the appendicitis deaths for 20 years, and the list is appalling.

The opening session of the international peace conference was held at Brussels, Bel., on October 9th. Addresses were devoted to peace, and among those who spoke were English and German delegates, who favoured a re-approachment between their countries and a reduction in armaments.

A feature of the New York mayoralty campaign, which is now well under way, is an up-town store room which has been fitted up by the committee as a united chamber of horrors. In it a band plays dirges while callers inspect the exhibits of what the management calls the mismanagement of the city.

Not content with worrying Premier Asquith in every possible way, that can be devised, even presuming on their sex to jostle the prime minister at the door of his club on Sunday afternoon and try and trip him up and knock off his hat, it is reported in one or two papers that the latest scheme of the active suffragettes is to kidnap one of the young children of Mr. Asquith. These children are now consequently kept under guard. This is the highest flight of hysterical criminality yet attained by some of the crazy votes for

THE QUESTION WITH YOU IS MONEY

"Where shall I invest to make the most money?"

Reflect upon this:

The people of British Columbia are paying out a million dollars every year for soap. The demand for LIGHTHOUSE SOAP in less than a year has outgrown the capacity of our factory, and we are compelled to build a new one.

For this purpose The Western Soap Co., Ltd., has been incorporated with a capital of \$250,000.00, divided into 250,000 shares at \$1.00 each, of which 100,000 shares are now being taken by the public at par.

Whether you have much money or little the opportunity is equally good.

We issue shares in lots of not less than 50 and not more than 3,000 shares to any one person, and the terms of payment are: 25 per cent. on application, 25 per cent. on allotment, and the balance in calls of not more than 25 per cent. at any one time.

Remember These Facts:

1. Everyone uses and has to use soap.
2. Every additional person who comes into the country increases the demand, the sales, the profits.
3. Every year the value of your company stock increases as the business grows.
4. Every year you get a dividend—a cash return upon the money invested.
5. LIGHTHOUSE SOAP is made by a process which no other company can use—a process which enables the company to manufacture a superior soap at a lower cost than its competitors.
6. The demand for LIGHTHOUSE SOAP is equivalent to about three times the present capacity of our factory to supply.

We Can Show You:—First, a most conservative annual return of 20 per cent. on your investment; Second, where your interest in the exclusive manufacturing process of the Western Soap Co. will increase the value of your stock several hundred per cent in a few years.

Do not put in any money—simply ask to be shown—then use your own judgment.

Prescriptions

Great progress is being made in Medical Science and new remedies are discovered constantly. Many of these are very important and are often prescribed by physicians. This creates new problems for the druggist and makes it more and more essential that prescriptions be compounded by those who are wholly competent and who have these newer remedies on hand.

We have everything prescribed by your physician and our compounding is conducted with skill and care. Notwithstanding the superior character of our service, our prices on prescriptions are always reasonable.

PATRONIZE Home Industry

Having had a large experience in the growing of tobacco leaf we have decided to open a factory at Kelowna for the manufacture of cigars to be made from the leaf grown in the District. There is a large and increasing demand for cigars made from Kelowna tobacco and it is our desire to fulfill this want and this we purpose doing by establishing an up-to-date factory, employing only skilled workmen. Lovers of the weed who purchase our brands may rely on getting a cigar with taste, aroma and fragrance unexcelled in any cigar made. In purchasing our cigars customers will be assured that tobacco leaf of imported cheaper and inferior grades is not used.

CITY COUNCIL

Continued from page 1.

The Mayor reported that the places where the sidewalk had been lifted had been made passable with beds of gravel by Mr. D. McMillan, who had taken up the planks to permit teaming across.

The Mayor drew the attention of Chief Hildson to the heavy rope attached to the lifebuoys, and suggested that the rope should be lighter and more of it, so that the buoys could be thrown a greater distance from the shore. He thought it might be possible to exchange the buoys for smaller and lighter ones, which could be handled more easily yet would be quite adequate as life-savers. He was led to make these suggestions by the remarks of a gentleman who was well acquainted with the methods of using buoys in the East.

Chief Hildson explained that the heavy rope was not attached to the lifebuoys but to the grappling irons, and that there was no rope to the buoys. He was therefore instructed to get some light line and attach it to the buoys.

Ald. Elliott reported on the results of his visit to Penticton to interview the foreman of the Dominion government dredge now operating on the Okanagan river. In the ordinary course, unless the Council was willing to incur extra expense, the dredge would not be available for use on Mill Creek until May next. The foreman thought, from the date given him by the speaker, that the work here would take only four days to a week, and he recommended that the Council get Mr. Aylmer, public works engineer, Kamloops, to look over the proposed undertaking and he would then be able to give the City a close estimate of the cost.

The clerk was instructed to write Mr. Aylmer asking him to examine the mouth of Mill creek and report on the cost of dredging.

The Mayor laid on the table a plan of the foreshore desired by Mr. Aviss and a copy of an agreement in regard to it drawn up by Mr. J. F. Burne, also a plan by Mr. R. H. Parkinson of the foreshore now being applied for by the City, and suggested that the Council as a whole go over the ground and compare it with the plans. Agreed.

Chief Hildson submitted tenders for the electric wiring of the goal, court room and police office, as follows: James Bros., \$26.50; Campbell Bros., \$24.75. The tenders were referred to Ald. Rowcliffe for report.

The Chief reported that the sidewalk had been broken on DeHart Ave., at the corner of Richter St., by teams going over it, and the matter was referred to Ald. Bailey to have the damage made good by the parties responsible for it.

As announced by him at last week's meeting, Ald. Bailey brought in a motion dealing with the question of municipal control of irrigation water, to the effect that the City cause to be inserted in the B. C. Gazette and a local paper notice that application will be made at next session of the Legislature for a private bill for that purpose.

The Mayor said he had been informed by ex-Mayor Sutherland that the Council had power to pass a by-law dealing with irrigation water running on streets, and perhaps a private bill would not be necessary. He did not think the City could obtain power to separate water records from the land, with which it was inalienably associated.

Ald. Bailey held that it was not contemplated to separate water records from the land, but merely to arrange for equitable and regulated distribution and the installation of a pipe line, if advisable. The present system of distributing water was utterly inefficient, as there was no authority to enforce regulations, yet the actual cost to users was far higher than it would be under municipal control.

After some further discussion, the Mayor suggested that Ald. Bailey's motion be not pressed but that Mr. F. Billings, solicitor, Vernon, and Mr. Price Ellison, M.P.P., be consulted as to the course to be followed.

Ald. Bailey then withdrew his motion, and a substitute was passed authorizing the Mayor on the occasion of an early visit to Vernon, to interview the gentlemen named.

There was some talk about the necessity of hurrying on completion of the concrete sidewalks before the advent of winter weather, and to save work the Mayor suggested that all available data as to the amount of money required, rate of interest and term of debentures be given to possible bidders, so that bids will be in before the money is actually needed, and the suggestion will be acted upon.

Council adjourned at 10 p.m., to meet on October 18th, at 7.30 p.m.

RIFLE ASSOCIATION

Weekly Practice

Gloomy skies such have been all too common for the past month to truly represent the average of our glorious climate, interfered materially with the quality of the shooting on Thursday last. The light was dull at the 600, and at the 500 the sun broke through the clouds for a time with no better apparent effect than to render the aim of the marksmen uncertain on account of varying elevation. Out of the 10 men shooting, none reached the 30's, at the longer ranges, and while better work was done at the 200, only three men obtained an aggregate of 80 or over, as against five out of seven who shot the previous Thursday. Riflemen, however, learn to take reverses philosophically and brace themselves to do better next time, a form of mental training that is one of the most beneficial attributes of the sport, and to be ranked equal to the training obtained of eye and nerve.

Special mention should be made of Mr. Jack Harvey's fine score of 34 at the 200. Commencing with a bull for a sighter, he put on a string of six more broken by a solitary inner as his third shot on score. Mr. Harvey is one of our most promising marksmen, and with better conditions at the 500 and 600 would probably have made an aggregate well up in the 90's.

Tender's for Freighting of Supplies for the Yukon Telegraph Line

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Packing Supplies," will be received until 5 p.m. on Thursday, November 25th, 1909, for the packing of material and supplies for points along the Yukon Telegraph Line between Quesnelle and Atlin, in the course of the seasons of 1910, 1911 and 1912. Forms of tender and specification may be obtained and form of contract seen on application to Mr. J. T. Phelan, Superintendent of Government Telegraphs, Vancouver, B. C., Mr. William Henderson, District Superintendent Government Telegraphs, Victoria, and from the Government Telegraph Agents at Ashcroft, B. C., Quesnelle, B. C., Hazelton, B. C., and Telegraph Creek, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures with their occupations and places of residences. In the case of firms the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender for one year's packing, which will be forfeited if the person tendering declines to enter into a contract, when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.
Department of Public Works,
Ottawa, September 24th, 1909.

Local and Personal News

Mr. J. F. Burne paid a visit to
Vernon yesterday.

BORN.—To the wife of Mr. P. E.
G. Knippel, on October 13th, a son.

Mr. J. J. Stubbs, was a visitor in
town from Vernon over the week-
end.

Mr. Robert Sproul left on Monday
for Victoria, where he will reside for
some time.

Mr. S. T. Elliott paid a visit to
Penticton on Saturday on municipal
business, returning Monday.

Mr. L. Holman went to the Coast
on Monday to secure five or six cigar-
makers for his new factory.

Mrs. J. S. Reekie, who had been visiting
Mrs. R. Morrison, sr., returned to
the Coast on Saturday.

Mr. and Mrs. Russell R. Reid, of
Brighton, England, are visiting their
son, Mr. C. R. Reid. They are on a
world tour.

Rev. Canon Thompson, who had
been visiting his son, at Okanagan
Mission, left for Vancouver on Friday.

Miss J. Pfyffer, who had been visiting
her brother, Dr. Pfyffer, at the
old Mission, left yesterday for Geneva,
Italy.

A Rugby football match has been
arranged between Kelowna and Okanagan
Mission for Thursday, October
28th. There will be a meeting
of those interested, in Lequime's Hall,
on Saturday, the 16th, at 7.30 p.m.,
to make arrangements.

A regrettable accident happened on
Saturday to Mr. and Mrs. Legge
Willis' little daughter, who was
thrown from her horse and sustained
a bad fracture of her left wrist,
both bones being broken. The patient
is, however, making a good recovery.

The Adult Bible Class of the Methodist
church held their first social gathering
on Thursday evening at the
home of Mr. W. A. Hunter. After
choosing partners, a guessing contest
took place, which added much to the
evening's enjoyment. Refreshments
were then served, and singing brought
the social to a close.

Mr. B. McDonald, of the Farmers'
Exchange, left on Saturday for New
Westminster with about 140 boxes
of fruit for exhibition purposes. Besides
the box classes, he intended to enter
in a large number of the plate
displays, and is confident of winning
a number of prizes. We hope to publish
elsewhere in this issue a statement
of results, if obtainable before we
go to press. The fruit was carefully
packed by Mr. J. Sewell, and should
show in prime condition.

During the recent wet weather the
need of a crossing at the C. P. R. station
became very apparent, and it
should be possible to construct one
of crushed rock which would not in-
commode traffic in any way on Ber-
nard Ave. Those who followed the
north side of the street in order to
avoid crossing in the mud frequently
found their forethought in vain owing
to the practice of express and
freight wagons tying up to the fence
on the only fairly clean spot on that
side of the street. This stand is where
a sidewalk would be, if there were
one, and it does not seem reasonable
that wagons should shoulder pedest-
rians into the mud when the latter
have an undoubted right-of-way. We
commend the matter to the attention
of the Council with the suggestion
that, if they will not or cannot put
down a crossing this year, they
should at least compel wagons to
leave a clear and clean approach
to the station.

Mr. G. I. Thornton, who had been
collecting and preserving fruit for
exhibition purposes, finished his labours
in this section of the Province
on Tuesday, securing in all some nine
cases containing about fifty jars of
apples and pears chiefly. Instructions
were received from the Department
of Agriculture, Victoria, to ship
the same to Mr. Scott, who is collecting
together the exhibit to be made
by the Provincial government this
year at the annual show of colonial
fruits, in London, Eng., held by the
Royal Horticultural Society, of
which the fruit just put up by Mr.
Thornton will form a part. Some
little difficulty was experienced in
securing fruit, the object of his mission
not meeting with the open-hearted
and liberal-handed support that
one would have expected from those
who have most to gain from advertising
to the world the products of this
favoured valley—the growers of the
fruit—and not leave it to others
whose interests are but of a secondary
nature. It is a matter for regret
that some of those best able to
supply the needed specimens, and so
do a little for the benefit of the community,
failed to come forward, and
no thanks is due the great majority
of fruit-growers in person that Mr.
Thornton secured such an excellent
and representative collection of specimens.

Mr. J. E. Wheeler left on Tuesday
for a visit to Brownlee, Sask.

Dr. and Mrs. Morris drove down
from Vernon on Monday in their
touring car, and spent the afternoon
in town.

Mr. and Mrs. T. W. Stirling returned
on Wednesday from a stay of several
months in the Old Country, travelling
from Vernon in their motor car.

Mr. G. A. Hankey, of Vernon, spent
a couple of days in town this week.
He came down to attend a meeting
of the directors of the Okanagan
Loan & Investment Co., of which he
is a member.

The New Westminster fair is producing
the customary rush of travel to the
Coast at this season. During the week
Mr. C. Clarke, C. P. R. agent, sold about 50 tickets to Vancouver
and New Westminster. Among those on
holiday bent we noted Messrs. A. Cather, J. Ball, J. W. Jones,
E. Bailey, A. McLennan, A. E. Boyer,
C. Dick, G. P. Dolsen, A. Crawford,
G. A. Fisher, T. Wilkinson, J. Sutherland,
Mrs. W. B. M. Calder, Miss M. Tait,
Miss Copeland, Mrs. E. B. Glass.

Messrs. DeHart & Harvey are showing
in their window splendid evidence
of the fertility of Kelowna soil in the
shape of 12 potatoes with a total weight
of 50 pounds. The potatoes are all fine
clean specimens, absolutely free of knobs
or second-growth excrescences which often
give so-called large potatoes their weight,
and are of the "Pride of Western America"
variety. They were grown by Mr. A. H. Orlinton,
and no fertilizer of any description was used.

The plate glass for the front of the
Raymer Block arrived on Monday,
after being anxiously expected for many
weeks, and was put into position the
following day. The crate weighed 12,000
pounds, and required careful handling, but
was got to its destination without mishap.
T. Lawson, Ltd., expect to be installed
in their handsome new premises by to-
morrow, and are busily engaged as we
go to press in their arduous labours of moving.

A general meeting of the Kelowna
Literary Institute will be held in the
Reading Room to-morrow evening, Friday,
at 8 p.m., to consider what future
arrangements, if any, are to be made
for carrying on the room. Dr. Boyce has
intimated to the Secretary, Mr. V. Wade,
his decision to terminate the Institute's
occupancy of the upper floor of his office
building, owing to the lack of support
of the institution, and it will be necessary
to look for new premises, should it be
decided to continue. It is understood
that Dr. Boyce is granting the use of the
room free of charge to the Amateur
Orchestral & Dramatic Society.

BUSINESS LOCALS

Dr. Mathison, dentist, telephone 89.

Leave your orders for coal and wood at
HALG'S WOOD YARD.

W. Arthur Battye, pianoforte tuner,
will be in town from the 20th for
about a week. Orders may be left at
the Courier office. 11-1

If you want hot air, do not buy it
from a piano agent at \$100 per hum.
Save your money and buy a furnace
from a hardware firm. — Kelowna
Furniture Co.

Did you ever stop to consider that
the contract you give to a piano agent
is registered against you in the office
of the County Court, Vernon, like a
judgment, and becomes public property.
We sell pianos like furniture and do
not ask for contracts and lien notes. —
Kelowna Furniture Co.

Okanagan Mission Notes

From Our Own Correspondent.

Mr. Barney's house, in course of
construction by Mr. Curtis, of Kelowna,
is beginning to show up well on the
bench.

Services were held here in the
schoolhouse on Sunday by Rev. Mr.
Wilkinson. In the morning and afternoon,
Mr. Fordham's baby was christened
in the afternoon.

Capt. Ridley's boy was christened
at Kelowna by Rev. T. Greene on
Thursday. A pleasant reception was
held in the evening in honour of the
event.

Cricketing weather having come to
an end, the football teams are beginning
to get busy, and a Rugby match
has been arranged with Kelowna to be
played there on the 28th.

Capt. Ridley is building himself a
new stable to keep his team warm
while it works on the Swamp road.
Good for you, Mike Heron! We won't
get stuck in the mud, after all!

Baillie and Barnum—I mean, Baillie's
barn is gradually getting there. Mr.
Shand is having a difficult job on
account of the sills being rotten and
the ground rough, but patience and
perseverance will do anything. I am
told; and Mr. Shand knows a thing
or two.

Kelowna, B. C.

RECEPTION TO REV. J. D. WELSH

On Friday evening last a reception
was given in the Baptist church to
the new pastor of that denomination,
Rev. D. J. Welsh, and Mrs. Welsh.
Mr. Reekie occupied the chair, and
first called upon Rev. Mr. Herdman,
who expressed his great pleasure in
being privileged to take a part in
welcoming, on behalf of the Presbyterian
congregation, Mr. and Mrs. Welsh,
to Kelowna, and to be co-workers
in Christian labour.

Following the solo, "Not Half Hath
Ever Been Told," by Mr. H. Hall, Rev.
S. J. Thompson, in his usual cheerful
and optimistic manner, spoke of the
work of the ministry, saying it needed
men of the highest intellects and
ideals. The men who are on the up-
lands and who have a positive mes-
sage, are the men demanded by the
people. He wished the new pastor
the greatest success in his new field
and extended to Rev. and Mrs. Welsh
from himself and the Methodist
congregation heartiest greetings.

Mayor DeHart was called upon the
platform, following a solo by Miss
Philips. He spoke briefly and ex-
pressed the hope that Rev. D. J. Welsh
would be abundantly prosperous
in his work here and felt great
pleasure in welcoming, on behalf of
the City, Mr. and Mrs. Welsh.

Mrs. Dorothy Evans sang beautifully,
"Lend a Helping Hand," which
was heartily applauded, following
which Rev. D. J. Welsh responded to
the reception. He appreciated deeply
the welcome extended to him and
Mrs. Welsh, and said he set a high
ideal and hoped he would reach it.
If the ministry had not a lofty con-
ception of its work, it cannot expect
the people to be lifted up. He asked
for the co-operation of all his people;
he did not want to see a "one-man"
church in Kelowna.

The serving of refreshments by
the ladies brought to a close one of
most enjoyable church functions ever
held in the city.

OKANAGAN LOAN & INVESTMENT CO.

The latest of our incorporated concerns
has already commenced to do
business, and the inauguration of the
Okanagan Loan & Investment Co.,
marks an important step in placing
the district in touch with Old Country
capital, which has taken up over
half the shares of the Company. An
agency has been established in Edinburgh,
Scotland, through which de-
benture business will be done and as
Canadian investments of good class
are in much demand in the Old
Country the connection will be a
valuable one.

The Company has been incorporated
with a capital of \$100,000, divided
into 1,000 shares of \$100 each, and
a number of shares have been taken
locally, so that only a small portion
of the capital remains to be subscribed.
The Company is officered by a
strong local directorate conversant
with local conditions, and is in the
best position to deal with loans and
other investments. The officers are:
T. W. Stirling, chairman; W. J. Mantle,
vice-chairman; A. L. Meugens,
secretary; W. H. Gaddes, W. R. Pooley,
D. W. Sutherland, G. A. Hankey
and Dr. Boyce, directors.

The Fruit Magazine

We are in receipt of the first copy
of the Fruit Magazine, a new publication
issued at Vancouver under the
editorial guidance of Mr. Maxwell
Smith, formerly Dominion Fruit In-
spector. It is a well printed and ill-
ustrated magazine of 24 pages and
cover, bearing on its front a large
coloured view of the Goldstream or-
chard. The price is \$1.00 per year,
and issue will be made monthly.

The contents include a paper on
Apple Tree Pruning, by Mr. T. W.
Stirling.

The magazine should fill a waiting
niche, and as Mr. Smith is an enthu-
siastic British Columbian, it should
not lack plenty of local colouring.

HAY FOR SALE

About 16 tons of second crop, and
40 tons of first crop; all first class.
Also, 10 ton first class spring wheat.
Apply.

J. Murray,

Kelowna.

The hunting party that spent last
week in the mountains back of Pentic-
ton, returned to Kelowna on Mon-
day morning with six deer. They re-
port having an enjoyable time and
finding plenty evidence of game, in-
cluding numerous bear tracks.

NEWS OF THE DOMINION

A Montreal firm of insurance brokers declares that an insurance combine exists in Canada.

The Methodist mission board, sitting in Toronto on October 6th, voted \$200,000, the largest sum ever set apart for home mission work.

Nelsonites last week voted strongly in favour of the idle municipal street electric railway in their city being taken over and operated by a private company.

Between 5 and 6 p.m. on October 6th three prisoners escaped from the R. N. W. M. P. barracks at Fort Saskatchewan, Alta., where they were undergoing sentences for different offences.

In a head-on collision about 4 a.m. on October 6th between the maritime express from Halifax to Montreal and an eastbound freight at Nash creek, about 30 miles east of Campbelltown, N.B., the two engines and an express messenger were killed instantly. The fireman of the express was badly injured but the passengers all escaped injury. The express was badly wrecked.

Representatives of three leading British shipbuilding firms, Messrs. Fairfields of Greenock, Vickers-Maxim, of Barrow, and John Brown, also of the Clyde, are now on their way to Canada to interview Canadian ministers re the Canadian navy. It is understood that they are prepared to discuss the establishment of Canadian yards so that as much as possible of the new navy may be built in Canada.

One of the members of the crew of the Arctic when in Toronto last week gave a very interesting account of the taking possession of an archipelago on July 1st. A slab of babbit metal two and a half feet long, was cast in which was run the announcement of formal possession of the land on behalf of the Canadian Government. This slab was then bolted to a sandstone rock on which Sir Edward Parry years before had carved his records, and a flag was erected with it. Then Capt. Bernier addressed the men and the formal proceedings were over.

There have arrived in Ottawa two officers of the Imperial navy to act in an advisory capacity for the government on matters connected with the organization of the Canadian navy. Commander J. D. Stewart, R.N., and P. J. Ling, staff paymaster R.N., are now in Ottawa ready to take up the work with Hon. L. P. Brodeur, minister of marine. In addition to the work of organization, these officers will advise the Government as to the establishment of training schools and also as to the equipment which will be necessary to effect to Canada's proposed programme.

An Ottawa advice under date of October 9th, says that Mr. Harris, Canadian trade commissioner in Japan, formerly of Vernon, B.C., who it was alleged some time ago had written to a Toronto merchant warning him not to ship goods direct to Japanese merchants because they cannot be trusted, has sent to the department an explanatory cable. He says that an entirely wrong inference has been drawn from his letter, that his caution applied to one individual firm only, and not to Japanese business men as a class. This the Department has suspected all along and cannot understand the action of the firm in question.

Threshing returns in Western Canada are turning out much better than was expected and some heavy yields of wheat are reported from many districts in Manitoba, Saskatchewan and Alberta. Several prominent grain men have expressed the opinion that the total wheat yield will exceed 130,000 bushels.

At a cabinet meeting held last week at Ottawa it was decided to call the Dominion parliament together on November 11th. Meetings for the discussion of the provisions of the Naval Defence Bill, which will be submitted to the Commons at the coming session, have also been held. In a general way, it may be stated, that the coming session will see the preliminary steps taken for the speedy establishment of a Canadian navy, the first programme extending over several years, and including the construction of perhaps twelve war vessels, embracing two or three cruisers of the Bristol class, torpedo boats and destroyers. Provision will also be made for the training of the men to man the new boats, this being done with the assistance of the British admiralty through the loaning of training ships and officers.

In a recent interview at Winnipeg officials of the Salvation Army announced that arrangements had been completed during a recent visit by which extensive settlements will be established on the irrigated lands of the C. P. R. east of Calgary and also on Vancouver Island. In both cases the land is now being prepared and improvements made, and it will be divided into 80 acre farms, while on Vancouver Island, the land, which is part of the E. & N. railway grant, will be subdivided into 40 acre tracts.

An event which in the opinion of the residents of Newfoundland means much for the commercial and industrial development of the colony, was celebrated at Grand Falls, Nfld., on October 8th, with the formal opening of the Northcliffe paper and pulpwood manufacturing industries at this point. The company of which Lord Northcliffe is at the head, has spent more than six million dollars and has established a plant that is excelled only in size by the paper mills at Millinocket, Me. It is understood that the pulp and paper to be produced will all be used in furnishing paper for the many publications controlled by Lord Northcliffe. Lord and Lady Northcliffe and a party of distinguished English and Newfoundland people attended the formal opening of the plant and town.

Last week the whole country along the Grand Trunk Pacific west of Edmonton to the Yellowhead Pass, was on fire, and immense damage done to standing timber, homes of settlers and their crops. The fires had their origin along the railroad right-of-way, and had been started through carelessness in burning of firebreaks. The fire in this district swept through 30 or 40 townships and the inhabitants are greatly incensed. From the same cause a prairie fire has caused the destruction of Canada's buffalo park at Wainwright, Alta. The 800 buffalo escaped owing to the fire which had been raging around the enclosure for a week destroying the fence. As the fire burned the fence herds of elk and buffalo escaped and scattered over the prairie, many being killed and burned in a desperate effort to avoid the flames.

Prairie fires are also reported from several sections in Manitoba and Saskatchewan. It is the driest fall experienced on the Prairies for many years.

NEWS OF THE PROVINCE

Messrs. Fleming Bros. of Kelowna, took 1st prize at the Armstrong fair for any other variety of prunes with a plate of Pacific prunes.

The Vernon News is authority for the statement that, as a result of a recent visit to the Coast of Messrs. Ricardo and Agur, the Okanagan Fruit Union has been successful in securing the capital necessary to construct a series of frost-proof packing houses at Vernon, Okanagan Landing and lake ports.

During a run-away accident at Nanaimo on Wednesday last week, J. Cameron, gardener for the Trust Co., received injuries that resulted in his death several hours later. He was driving and the horse taking fright was thrown from the rig, nighthing on the top of a stake, causing hemorrhage. A wife and family are left in the Old Country.

Details of the Earl of Meath's imperial trophy competition, open to school teams throughout the British Empire, have come to hand, and the scores show that the British Columbia team, which was made up solely in Vancouver, was ninth on the list. England was first, Natal second and Victoria, Australia, third.

William Kerner, a watchman in the employ of the C. P. R., was killed at 4.30 o'clock Thursday morning four miles east of North Bend. Kerner was operating a speeder and was proceeding in an easterly direction around a curve when he was struck by the second section of a westbound express and instantly killed.

Plans are being made whereby British Columbia will have a permanent opera company. W. E. Burnham, the well-known theatrical man, is now touring the country, and if sufficient funds can be raised throughout the Province he can secure in Canada alone enough voices to outclass any company ever appearing in Eastern Canada.

By a new timetable which comes into effect on the C. P. R. on October 29th, the Revelstoke local is brought into being. Nos. 5 and 6, the trains which have been running on the St. Paul and Seattle service, are to be discontinued on that date east of Revelstoke, the through passengers being handled by Nos. 96 and 97. This means that Nos. 5 and 6 will now run between Vancouver and Revelstoke only, thus maintaining the fast service to the Kootenays and avoiding the delays to which passengers to the country south of Revelstoke were liable owing to trouble on the main line back in the Rockies and on the Prairies.

The Tranquille Sanatorium for the use of consumptives in British Columbia is approaching completion and it is expected that the entire building will be in operation shortly after Christmas. The amount of money collected in aid of the structure is up to the present \$107,000. A sum approaching \$100,000 is still required, and while the money continues to flow in, it is probable that another crusade will be necessary. At the end of September there were 31 patients under treatment at Tranquille, of whom one-third were incipient, the remainder being in an advanced stage of phthisis. When the new structure is completed it will be possible to handle 50 additional patients, while the erection of tents and cottages in the grounds will provide accommodation for many more.

Three prisoners made a clean getaway from the Kamloops provincial gaol last week and are still at large, though police and Indians are in pursuit, though without any definite clue. The names of the escaped prisoners are Harry Hazard, Merrit Smith and Frank Belmont. Hazard and Smith are alleged to have burglarized the Cook cabin on Adams lake, while Belmont is held on a charge of arson, he being one of the men who, it is alleged, set fire to Duke's jewelry store, Enderby. All three men were to have been tried at the Kamloops Assizes this week. An examination of the cells made it apparent that Belmont and Hazard had opened their cell door and then unlocked that in which Smith had been confined. The prisoners had then unlocked the sentry box door, climbed the roof of the jail and slid down the outside wall of the exercise yard. The small shelf at the opening of the door of the cell in which Belmont and Hazard had been confined, had been broken away so as to enable one of the prisoners to pass his arm through the opening and reach the lock.

THE PEOPLE'S STORE

We appreciate the forbearance of our customers with us in the many inconveniences caused by moving, etc., and wish to announce to the public that we will be open in our new premises on Friday, Oct. 15th, when we hope to meet all our old customers and many new ones.

Will announce opening shortly.

THOMAS LAWSON, Limited

Headquarters for the Economical Buyer

Keller Block

Phone 214

Vancouver's new auto ambulance, which only arrived in that city last week, had, as its first official duty, to take to the morgue the body of a man that had been run down by it while making a test run.

A terrific explosion occurred at the mine of the Wellington Colliery Co., Nanaimo, on October 5th, resulting in the death of 32 miners. The explosion took place in No. 3 stope of No. 2 mine and was due to a blown out shot igniting the coal dust. The force of the blast must have been terrific as fifty yards of rock and coal had to be got through by the rescuers before some of the victims were reached. Ladysmith, where most of the killed miners resided, is a town of sorrow. A government investigation is being held, and it is stated that two unqualified miners were working in the mine, and that throughout Nos. 1 and 2 mines miners fire their own shots in a happy-go-lucky style, instead of observing the regulations demanding that they must be first inspected by the shot lighter. The company will stand to pay nearly \$100,000 under the Canadian Workmen's Compensation Act and there will be heavy loss to the mine on account of being closed to operation.

Colonel Gordon, of London, Eng., is on his way to the Coast to look over British Columbia as a place of residence for retired officers of the British army. For several years he has been engaged in bringing this Province to the notice of the officers of the army, who are being retired in various parts of Great Britain, and elsewhere. A few weeks ago he crossed the continent with a party of officers who went through to the Coast and who expect to make their permanent homes there. Most of these officers whom Colonel Gordon hopes to interest in the Sunset province have no very close attachments to bind them to England. They are men of independent income, but not of so large income as to enable them to live in the most expensive way. In British Columbia, Colonel Gordon states that they can get the land they want, and can live as they cannot expect to do in the mother country. They will build good homes and will prove in all respects most desirable citizens of the Province.

John Oliver, M.P.P., for Delta, was selected unanimously as leader of the Provincial Liberals at the Liberal executive meeting in New Westminster on October 9th. He will deliver his first address as leader in Vancouver on Monday evening, and also intends to speak at Victoria and other places. This action of the Liberal executive follows the choice of J. A. Macdonald, K.C., for chief justice of the new court of appeals for the Province, which will be brought into existence shortly. Mr. Macdonald's appointment will be officially announced at Ottawa in a week or so.

As the outcome of the bungling on the part of the Provincial government officials in handling the Vernon Board of Trade exhibit sent to the Toronto fair, which went to help advertise the Kootenays, a motion was passed at a meeting of that body last week "That the government be asked to send a man from the Okanagan to lecture on the advantages of the Okanagan as a point of settlement." In speaking to the motion Mr. Lee pointed out that of the numerous medals which had been earned by British Columbia fruit in the Old Country, the great bulk was through exhibits of fruit from the Okanagan incorporated in the Provincial exhibit. This being the case it was only just that the Okanagan should receive some recognition of its services to the Province, and this could best be done by the Government permitting a man, from the main fruit-growing section of the Province, to accompany the exhibit in order that intelligent answers could be given as to the advantages and resources of the district. Much indignation was expressed by members of the Board at the fiasco, many putting the blame on Mr. Scott for failing to fulfil his trust and his apparent ignorance of the Vernon district in particular and the Okanagan in general.

Brigadier-General Lawrence Buchanan, D. O. C., commander at Quebec, who had been suffering from pleuropneumonia, died at Montreal on October 7th. Brigadier-General Buchanan, C. M. G., had been commanding officer of Quebec since 1905. Born January 20th, 1847, he was the son of the late David Buchanan, of Braeside and Halcro House, Toronto, and served with distinction in the North-West in 1885.
